I Love anything by Susan Branch!!! She can do no wrong, if you ask me. I have never been disappointed and always feel uplifted and inspired by her work. I ordered this from her website and got the early release and SIGNED COPY(which you can do too:)) Of course, I have had the original forever, but was excited to see how she updated the look and added new recipes and water colors. The new addition recipe that I have tried so far is the Cranberry Tea Cake with Vanilla Sauce. It's to die for!!! Perfect with the holidays coming up and company in town. This cake is visually stunning too with the cranberries looking bright red and translucent. As always, her recipes are easy to follow and not too complicated and you get WONDERFUL results. They are good for everyday and special

occasions alike. Just crowd pleasers... each and every one. I always make something of Susan's when having a party and without fail, I get requests for the recipe. The book has the same wonderfully cozy feel and is done in Susan's handwriting and filled with her gorgeous art on each and every page. Plus, inspiring famous quotes that make you laugh and think;) This would make a wonderful gift for any SB lover or a nice introduction to the new generation. You will not be disappointed. Buy this book!!!

I am seriously obsessed with Susan Branch. Her work is absolutely stunning and I never tire of going through this book! This is like having one of those wonderful, old church cookbooks-but taken up a few notches. There are old classic recipes, and brand new fresh ones. This has such a variety, it could be the only cookbook you own-and I swear you wouldn't get bored with using it!! I want every book Susan Branch puts out! Heart of Home will not be my only book from her! Her work is top notch and would make an excellent gift for a new bride or a housewarming. These are heirloom quality treasures. If you're considering this at all-just do it.*I received this book in exchange for my honest review*

A lovely cook book filled with comments, thoughts, insights, & humor. As much fun to read as one of Susan Branch's books!

I can't wait to read this and make some new recipes!
