What is amazing about this book is that there are actually 50 great recipes that can be done thru the

Aroma Rice Cooker. And the recipes are just one of a kind! There are so much to do here, for those with little time, this is perfect. I personally love the recipes here, particularly the Adobo and Mushroom Rice and the Chocolate Lava Cake with Raspberries. But I also can't wait to try the others.

I have been looking for great cook books for a long time that allowed me to eat healthy food while giving me options. I found so many new recipes in this book. I like this book as it contains a lot of recipes I can actually follow and make on my own. This book offers good, versatile and simple food and no hassle. It's got simple step by step process on how to use the particular force heater and help make particular dishes about it. Each of the guidance inside textbooks are generally simple to comprehend and helpful approach to learn. Recipe books like these are what enable us to put into practice what we think about on a daily basis, and I must say that it is nice to have somewhere to turn to when it comes to helping my family eat healthy. Still, Aroma Rice Cooker Meals is somewhat limited. Most of the recipes it contains are focused on Cajun-style dishes. For those sensitive to how spicy their foods are, there is plenty of room to accommodate mild to wild tastes. Moreover, the Cajun-style focus is not as limiting as it might first appear since many of the recipes are rice or pasta-based, insuring that they work well with the rice cooker. The ultimate test of a good rice cooker cookbook, of course, is getting compliments and raves about the food. Every time I've made a recipe from this book, the food has been devoured quickly. We rarely have leftovers and my son's friends even make a point of looking in the kitchen to see if the rice cooker is turned on. This book is extremely well organized and easy to understand and follow. The shopping section at the end with internet sources to purchase usual rice cookers, spices, and vegetables is excellent. I am recommending Aroma rice cookers highly, and in the same breath, I make sure to recommend this book.

I've tried many of the rice recipes, and they've always turned out great. This book is an essential for anyone who's invested in a cooker. Not only does it have great recipes that expand the use of your cooker to foods other than rice, but it is an encyclopedia of rice. Without the book I would have been guessing and experimenting and probably choking down a lot of not-quite-right food. Great book!

I love rice, and I like preparing it in many ways. I must say, I'm pretty lucky one to have family that loves rice too. That's is the reason I got htis book too. Aroma Rice Cooker works by placing rinsed rice and water into pot set over heating plate. The good things that I liked about this aroma rice

cooker, that the steam is not lost, and the cooking time is reduced to a half of time, which is very good thing for busy mums, like myself. Recipes include: beans and sweet corn in wild rice, creamy chicken, peas and mushrooms on rice, mushrooms with chickpea couscous, adobo rice, chicken and vegetable flavoured rice, chili and tomato rice, java rice.. There are also soup recipes, stews, sweets and desserts.. Nice cooking book with great rice recipes. All recipes include ingredients, directions, and serving recommendation.

This book has brief instructions on how to cook in Aroma Rice Cooker. I bought an Aroma rice cooker for cooking but I could only cook rice in it till yesterday. But from this book, I got to know that I can cook other dishes in it too. There are various Aroma Rice Cooker recipes in it too. And I liked Creamy Chicken, Mushrooms, and Peas on Rice most. Thanks to the author for writing those instructions.

Aroma Rice Cooker Cookbook: 50 Top Rated Aroma Rice Cooker Recipes- Tasty Meals with the Perfect Blend of Grains and Veggies by Timothy Warren is a fun cookbook that brings the rice cooker front and center in the kitchen. With 50 recipes to choose from this book is very useful and handy. Karl A. Minner, author of Gout Free: Beat Gout with Diet and Lifestyle Changes and Live Life Gout Free!

Well-cooked plain rice is guaranteed using this aroma rice cooker but the author doesn't only want to limit it to that so he put up with these 50 top rated aroma rice cooker recipes that you can choose from to make each meal more tasty and delicious every time. Find the right combination with your rice, use your aroma rice cooker and share it with the whole family. Now that's perfect!

Awesome! Fantastic, extraordinary diverse recipes that you can use for your rice cooker. Really glad I have a copy. It makes all kinds of dishes and the ingredient combinations are fabulous! Really worth purchasing!
