# Learn To Cook 25 Southern Classics 3 Ways: Traditional, Contemporary, International

## Synopsis

Jennifer Brule is on a mission, southern style, to teach people to cook. Her method: master twenty-five classic southern dishes, and then--using similar ingredients or cooking techniques or both--make two variations, one contemporary and one inspired by international tastes. Brule's line-up of beloved southern dishes is irresistible in itself, but she aims to inspire enthusiasm and confidence to expand deliciously from there. The beauty of her approach is that it reflects how people really do learn to cook, resourcefully, creatively, and joyfully. Savor the Classic Chicken and Dumplings and next find yourself cooking Vegetarian Mushroom Stew with Sweet Potato Dumplings before whipping up Hungarian Chicken Paprikash with Dumplings. Featuring step-by-step instructions designed to teach basic cooking techniques, Brule shows cooks how to whisk, chop, slice, simmer, saute, fry, bake, and roast their way to seventy-five wonderfully tasty dishes. The contemporary versions incorporate especially wholesome elements, such as unrefined grains and healthier fats, while the international versions offer popular global tastes. Color photographs of each dish illustrate the wide array of meats and fish, vegetables, side dishes, and desserts that can soon be on your table.

## Book Information

Hardcover: 248 pages

Publisher: The University of North Carolina Press (September 6, 2016)

## Customer Reviews

As a Southern transplant and novice cook, I've never been able to master some of the classic dishes down here. If this cookbook were just awesome recipes of the classics I would love it, but it is SO much more! The classic versions are on point and prepared in a way that's not too overwhelming. The fact that each classic also has a contemporary and International version is

awesome! I loved putting modern spins on these recipes and often the International version was my favorite. I also really appreciate cookbooks that give me a window into who the chef is. Food is such a personal thing and I loved hearing all of the stories throughout the book that went along with each recipe. Dare I say... It is up there with Chrissy Teigan's Cravings as favorite cookbook of the year!

Whenever I buy a cookbook I like to sit down and read through it like a novel. For me, a cookbook is more than just a compilation of recipes, it's a window into a different culture or a glimpse into someone's family traditions. As much as I love reading cookbooks, I have to admit I don't always try the recipes. Well, that did not happen with this book. It's fantastic! It's fun to read, the photos are beautiful and all of the recipes look amazing. It was hard for me to decide which recipe to try first! Since it's summer and we have an abundance of zucchini, we started there. We made the Crunchy Italian Zucchini Wedges and my family gobbled them up (even my very picky younger son loved them)! Then, for the contemporary version we made the Goat Cheese and Thyme Squash Casserole. Ohhhhh so good! Can't wait to try more! This book is sure to become a family favorite. The directions are clear and easy to follow and there are helpful tips sprinkled throughout the book. Whether you are a beginning or experienced cook, I'm sure you will love it!

I bought this book because I knew very little about southern cooking and I was interested in learning more about it and learning how to prepare it. I was not disappointed! The instructions are easy to follow and as a vegetarian I was pleasantly surprised that there are so many great vegetarian and even vegan recipes, for example the 'Savory Vegetable Cobbler with Quinoa Crust', the 'Vegetarian Mushroom Stew with Sweet Potato Dumplings' and SO many more. I love how Jennifer Bruhl shows not 1 but 3 ways to prepare a dish and I especially like the contemporary version which is often a vegetarian option and usually a slightly healthier recipe. My husband loved everything I made so far and I can't wait to try out more recipes in the future!

I have really enjoyed perusing this interesting and highly informative cookbook! The various ways to prepare a classic recipe is a fabulous way to broaden one's 'cooking horizons'. Yesterday we thoroughly enjoyed the Crispy Sweet Potato Oven Fries and tomorrow night the Provencal Tomato Tart is up! We can hardly wait and look forward to trying so many more of these recipes in the future.

I received this cookbook as a gift, and I couldn't be more pleased. I'm sure it will soon be my very

favorite go-to cookbook. The recipes that I have prepared have been quite tasty! I love the fact that I can choose between three different ways to prepare the same food.
