ISBN-13: 978-3833125980

Product Dimensions: 12.5 x 10.9 x 1.5 inches

Shipping Weight: 6.4 pounds

Average Customer Review: 4.0 out of 5 stars [See all reviews](#) (5 customer reviews)

Best Sellers Rank: #1,173,864 in Books (See Top 100 in Books) #75 in [Books > Cookbooks, Food & Wine > Regional & International > European > German](#)

Customer Reviews

Having lived ten years in Germany and married to a German who loves to cook traditional dishes from her homeland, this book is a big hit at our house. I find all my favorite recipes with their origins explained and we find new favorites every time we open it. The recipes are quite accurate and easy to follow. Most have photos so you can see how they are traditionally served. The photos and the historical information make this book fun to read and to cook with. The recipes are organized by regions, German states to be exact, and it has a nice index for searching by other parameters. It's a large format coffee table book that your dinner guests will enjoy, especially after some Shweinehaxe mit Rotkraut. Ein Prosit!

It is a wonderful way to introduce foreigners to the basic recipes of traditional German cooking while also providing colorful glimpses into historic cityscapes and landscapes. It would be wrong, however, to come to the conclusion that you have hit contemporary cooking. Today's Culinaria are defined by its multicultural society and by a people who are known to be one of the most curious and adventurous travelers. You have to look or connect with a local aficionado to find the real original food hidden in "Gastwirtschafts" in old towns' alleys and in picturesque spots of the countryside. The book makes a very nice gift.

There is nothing fancy about German cooking. It is hearty food meant to provide nourishment. That

said, virtually all of German cuisine might be defined as "comfort food". This book in great detail, both in text and excellent colour photography, educates the reader that there is plenty of regional fare that is uniquely German.

This looks like a great book but I'm returning it because the description is misleading. It is not an "English and German edition," but English only. I'm studying German and will be living in Germany, so I thought it would be helpful to have a bilingual version with the German names of ingredients, etc. This is actually the same as--but larger and much heavier than--the less expensive paperback version.

This was nothing like I thought and not much interest to me.
