A great sum-up of one of the greatest Pixar movies of all time. A very easy read for an end of the night bedtime story. Short enough to maybe get a couple books in when reading to your child. Great illustrations as well.

Bought these for my 2 year old daughter and can't wait to read these to her. I remember these books when I was little. Love these little books for a 2 year old as well as they are short and easy to read. Great price and great quality.

The story is a bit different than the movie and the book is very tiny....It should have had more pages and made it a bit larger (not like the golden books)...I guess Disney took over the studio and likes to milk the cash cow!! My son is soo hooked on this movie so I had to buy it.

I pretty much rate all these Golden Books as 5-stars. Quality construction, a very good price, and the pictures have a cutesy look to them that mimics the movie they're based on, but with a style of their own.

Son loves the book. Very nice to read and creates good mom-son bonds while reading this book together. The book reminds me of the movie which has a good story line. The friendship between the young boy and the old man is very heartwarming. Age doesn't matter to become true friends.

Bought these for my son because they reminded me of my childhood. Overall, exactly like I remembered them. Reason I deducted a star is because the pages are not cut with precision and are slightly misaligned with the book covers.

I love the movie UP and wanted to be reminded of the story, the characters, and the colors. This book's colors are awful/dull. It left out my favorite parts of the movie/story. And it was told in such a boring way that I did not care about the characters.

If you are a fan of the movie "UP" and are looking for merchandise, it can be hard to come by! We love "UP" and we love the little golden book version.
