Customer Reviews

This is a great book for people who like to cook, people interested in living healthy, aware lifestyles, and a great resource guide for eating seasonally, locally, and organically. I think there is something like 80 different amazing recipes in the book. My favorites are the deserts: Summer Fruit Shortcake with Lemon Curd & Whipped Cream, Almond Tart with Fresh Berries & fresh Strawberry Ice Cream in Spring, a Winter Pumpkin Cheesecake with a Chocolate Hazelnut Crust, and multiple others. Of course, I wouldn't pass up any of the sumptuous entrees. If someone wanted to make me the Roasted Chicken with Tarragon Peach Sauce or the Smoked Lamb and Garlic Sausage with Roasted Red Pepper Confit & Mustard sauce, I would be happy enough to indulge them. Beyond the food and recipes, there is a community within this book. It's a must-have for anyone living or travelling in California's Bay Area. One thing is for sure though--you don't have to be anywhere near California to enjoy the book. I highly recommend it.
