Making The Most Of Your Food Processor: How To Produce Soups, Spreads, Purees, Cakes, Pastries And All Kinds Of Savoury Treats.

Synopsis

A food processor can be one of the most useful appliances in your kitchen if you know how to make the most of it. This book will show you how to do just that, whatever your level of culinary skills and however short of time you are. With a simple food processor on-side you can whiz up soups and spreads and purees and all kinds of savoury treats. A simple food processor will give you another level of expertise as a home-baker. Light sponge cakes and melt-in-the-mouth pastry and biscuits, which you might have thought too difficult to attempt before are now within your reach. This book will enable cooks to make the most out of their food processor, rather than it become an expensive dust collector on the kitchen counter.

Book Information

Paperback: 160 pages

Publisher: How To Books Ltd (February 15, 2013)

Shipping Weight: 10.6 ounces

Average Customer Review: 3.5 out of 5 stars [See all reviews](#) (4 customer reviews)

Best Sellers Rank: #3,824,031 in Books (See Top 100 in Books) #66 in [Books > Cookbooks, Food & Wine > Kitchen Appliances > Food Processors](#)

Customer Reviews

My husband got me a food processor but I needed ideas for using it now I couldn't live without it!

not what I thought it was very disappointed in the content - not worth the cost

Very good old style (well, mostly) recipes. No complications, just have the ingredients ready and jump right in! Yummy! Lots of useful tips, too. Really glad I bought it, despite not so great reviews of others.

I didn't realize that I would run into terms that aren't used in USA and would need Wikipedia to explain. I was wanting a recipe that I could make right now; however, many of the recipes look interesting so I will come back to it when I have more time to spend with it.
