# People's Pops: 55 Recipes For Ice Pops, Shave Ice, And Boozy Pops From Brooklyn's Coolest Pop Shop

## Synopsis

A flavor-packed collection of 65 recipes from the trio behind theÂ premier pops stand in the country, Peopleâ™s Pops. Â In 2008, three old friends had a hunch that the world deserved a better ice pop. Every summer since, New York Cityâ™s been taken by storm with out-of-the-box flavors like Raspberries & Basil, Peach & Bourbon, and Cantaloupe & Tarragon from Peopleâ™s Pops. Now, the People behind the phenomenon share their DIY ethos in a breezy cookbook that teaches how to pair ingredients, balance sweetness, and explore fruits (and vegetables and herbs!)--in simple recipes that work with standard ice pop molds or improvised ones. With a chapter devoted to shave ice plus recipes for grownup boozy pops sprinkled throughout, Peopleâ™s Pops proves itself top of the pops.

People's Pops is a great book packed with all sorts of recipes to make delicious ice pops (for kids and adults). Arranged by seasonal ingredients, this book has options like Peach & Bourbon; Honeydew & Ginger; Fig Jam & Yogurt; and Pear & Almond. The authors do a nice job explaining how their business, New York's People's Pops, came to be, and have a great stories of successes and flops. With years of experience, the authors have done a nice job of making their recipes accessible and realistic for home cooks. There are a few steps which might take some time initially (making simple syrup, for example), but there is nothing that a beginner can't handle. Plus, with a wide array of pop options, this book is a great resource for every summer event. Options like Blueberry & Buttermilk, Raspberry & Basil; and Blackberry & Rose are delicious and can't be found in

grocery stores. This book is well worth the purchase - great treat!

We LOVE this book, and are so excited that summer's coming and we get to use it again! The pops are unbelievably good, especially apricot and salted caramel....out of this world! We make a lot ahead of time for parties and all the flavor options are a huge hit. The only thing we've had to tweak are some of the pops that have herbal infusions...we're learning that you have to seep the herbs in the sugar water a little longer than stated to be able to taste its presence in the pop. Otherwise, these are amazing!!

People's Pops: 55 Recipes for Ice Pops, Shave Ice, and Boozy Pops from Brooklyn's Coolest Pop Shop OMG We love these pop sicles. My 2 year old granddaughter can't get enough! She loves the strawberry cream ones. My personal favorite is Raspberry Basil Pops. The Pumpkin Pie with whipped cream taste exactly like the real thing! Everyone is always surprised that they taste like pie! They're very easy to make...I have bought on lots of styles of pop sicle molds so that we can tell the booze pops from the kiddie ones. Very well written and YUMMY!!!!

It was very easy to make these Pops. I substituted "Stevia in the Raw" ( measures cup for cup like sugar) in place of sugar which allows me to have a 'free' treat on Weight Watchers. With fresh fruit plentiful this time of year, I am making ahead, ziplock bagging them individually in snack size bags, then in air tight containers in the freezer. I am using the 10- mold from and wooden sticks. Just remember to leave expansion room, so removing pops is a breeze! Enjoy.

Some of the recipies were so simple it was laughable, while others were more complex. There was something for everyone and it gave me great ideas for my own mixtures. Everything I've tried so far has been fabulous!

I love this book! I love how it's not just recipes, but has instructions from picking your ingredients to how to start your own business. Not that I want to start one even though it could be a year round business for Texas. I just love that they are so open and honest from start to finish. The first recipe I tried was the Balsamic and strawberry pops. I was hesitant at first because the kids were looking forward to their first set. I didn't want to disappoint them if they didn't like our first batch. I went for it anyway because I love cooking with Balsamic. I did not need to worry. They are amazing! My son ran around the kitchen screaming, "Oh my gosh! These are so freaking good!". Over and over again

until he was upstairs yelling it in his Dad's face. It was adorable, and we'll deserved. Simply amazing. I'm looking forward to using lots of these at my dinner parties.

This little book provides great recipes and tips, plus gives you the inspiration to come up with even more recipes. It lists all recipes by season for fruit which is helpful. Fun book, fun idea.

The trick to this book is trying a bunch of recipes. I've tried 3 and there's only one I would make again. It really depends on your taste but the photos are nice, the recipes easy - I still really like this book.
