How To Make 50 Fabulous Kumihimo Braids: A Beginner's Guide To Making Flat Braids For Beautiful Cord Jewelry And Fashion Accessories

Synopsis

The best-selling author of *Twist, Turn & Tie 50 Japanese Kumihimo Braids* first taught us how to create stunning cord jewelry with a round loom. This time, she'll teach you how to make stunning kumihimo braided friendship bracelets, jewelry, and fashion accessories with the square loom. In the pages of this book, you'll find: 50 flat braiding projects, including friendship bracelets, shoelaces, bag handles, jewelry, watch straps and more. A kumihimo square braiding loom to remove and practice on. Specially-drawn graphics, detailed instructions, tools, and materials needed for success. Clear, annotated illustrations and photographs of the completed project. Projects that start out simple and increase in complexity, offering beginners and more advanced braiders the chance to broaden their skills and creativity. Crafters will also find plenty of ways to experiment with colors and textures, finish projects with clasps, decorative loops, tassels, and more. It's a must-have guide for tweens, teens, and adults who love making their own handcrafted jewelry.

Customer Reviews

A really good book about braiding shows me how to do something new that I find interesting. This is a really good book. I've learned several flat braiding techniques from it that I find pretty. Also has a section on finishing your braid, another area that I need help with. I recommend getting Beth Kemp's other book on round braiding first, then get this one. I find flat braiding more technically difficult, and more interesting. Get good at some round braids first, then get this book to jump start your flat braiding. Her other book is, "Twist, Turn & Tie 50 Japanese Kumihimo Braids."

Both of her books are excellent. They have detailed diagrams and pictures.

Not my favorite book because of placement of beads and measuring. This is the only book to measure two to one for finished braid. All other books measure three to one. Don't like beads on top of disc, too easy to make a mistake.

Nice book to have when learning Kumihimo. Great for beginners.

Love her books and instruction. Great inspiration!

Neat book for the more advanced Kumihimo crafter.

Great book and lots of beautiful flat cords to make with good instructions

This provided me the basics and good pics
