# Jon Bonnell's Texas Favorites

## Synopsis

From Tex-Mex essentials to fiery appetizers, family-style fiestas, and Fort Worth fancy foods, Jon Bonnell shares his best recipes for parties and family gatherings—and don't forget the ever-popular tailgate party fare and wild fish and game. Wind down the party with a variety of liquor-infused desserts or Sweet Biscuits with Cactus Jelly. What could be more Texan than that?

## Book Information

Hardcover: 224 pages

Publisher: Gibbs Smith (March 1, 2012)

## Customer Reviews

A third book club selection of mine was "Jon Bonnell's TEXAS Favorites", and where my two previous reviews spoke to the love and comfort the authors were trying to convey with their efforts, this is one big "Ft. Worth Fancy" Cookbook. While some of the recipes herein are to be found anywhere, there are several I consider unique to "upscale" Texas cuisine, particularly those dealing with local game animals and our Gulf Coast Seafood. The photography is outstanding and makes you want to try the dish just because it looks so darn appetizing. There are frequent side notes regarding Bonnell's presentations and they provide a good background for his interpretation of the recipe itself. Being a fifth generation Texan, I'm proud of my heritage and partial to things dealing with it, so I might be a bit biased; but all things considered, this seems a book that will get some use around the house when entertaining as well as when I'm searching out how to put some local color or flavor into a more common dish. I like it, and give it a strong "Thumbs Up."

Found great new ideas for cooking items a different way. Great and simple recipes for any novice or veteran cook.

Jon's book is an excellent addition to any kitchen that love's exquisite dines for the palette wonderful,tantalizing & a Texan's delight!!

Maybe because Cusine of Texas was so over the top, anything to follow would fall short.A few good recipes but it got more complicated and the rub recipes were left in the first book. Semms like we are now trying to sell our own brand of spices.

Excellent book
