## Customer Reviews

This is a great book with superb pictures. It does state it has 40 recipes in it and I have to disagree with the person that only gave it a one star review, as you can clearly see how many pages it runs to and I love cook books that have beautiful photography: the pictures in this mean you can practically smell the recipes as you read them. Stephanie Pedersen is a mine full of information on nutrition and healthy recipes in all her books and I love her stuff.

This is a great cookbook; the recipes in the book are unique and showcase the breadth of knowledge that Stephanie Pedersen has to offer as a nutritionist. The crisp fall weather has arrived and using pumpkin spice in our cooking, whether breakfast, lunch, appetizers, or dinner, is the perfect way to celebrate the season. The hardcover and beautiful pictures would make this cookbook an excellent, unique hostess gift for that dinner party in October and November or to bring to Thanksgiving. Very happy with my purchase; I highly recommend!

5 out of 5! If you are a hard core pumpkin pie spice fan as I am, then this is absolutely the cookbook for you. I adore when fall hits and I worship pumpkin all through winter as well, so this collective recipe book was a treasure to review. The cookbook begins with a breakdown of all the spices that make pumpkin pie spice (note .. there is also a breakdown of how other cultures breakdown this spice as well). From there, it jumps right into recipes. Everything from beverages, appetizers, main courses and desserts there weren't too many recipes that I wouldn't try. Some of my fave recipes were ... Pumpkin Spice Chai Latte, Spicy Pie Smoothie, Spiced Nuts, Sweet Potato Fritters, Spicy Apple Cheesecake, Morning Spice Muffins, Autumn Chili etc .... If you have one can of pumpkin puree, I would recommend you use it up by trying a few of these recipes at once! HAPPY COOKING! :)

This was a fun book with recipes to make your own spice blends. It also has recipes to use with your own spice blends.

Just okay--should have listened to other reviews. It would be nice to have in your library but not a must.

Loved the recipes, especially the spice blends at the back of the book.
