Customer Reviews

I love this National Park Quarter folder. This is one of my favorite in my collection. I have several different quarter folders and this is one of the better ones that I have. Coins fit in perfectly and they stay in.

This is a terrific choice for collecting the National Park Quarters. I especially liked this one because of the two mints that you can collect. The price was great and it arrived much sooner than expected.

Unless you are a die-hard coin collector (I'm not), reading descriptions of these folders is very confusing. This was exactly what I wanted as far as format, but hold too many coins, from different mints, which I don't care about..

Comes exactly as described with a few extra places for more quarters at the end of each section, which is nice because I didn't have anywhere to put my territory quarters...ya, I'm a dork

Quarters press into place nicely and can be removed easily. Grandkids are having fun with this one. It holds both Denver and Philadelphia mints. Sturdy too.

Ehhh.... Above all great product but if you really want to collect double quarters (Philadelphia and Denver). But if you prefer only keeping one of the quarter regardless of the "make" then do not buy. Does not include 2009 quarters at all. For example, it has DC, but not the 2009 one. Guess there will be more DC coins coming out in later years.

I am really impressed with the quality of this coin folder. I bought some cheaper ones, and ended up returning them. This one is very nicely designed and printed.

Great book to store and display your National Park Quarters! The holes are sized perfectly to hold each quarter snugly and they don't seem like they'll fall out any time soon. Good buy
