CLEP® American Government Book + Online (CLEP Test Preparation)

Synopsis

Earn College Credit with REA's Test Prep for CLEP® American Government Everything you need to pass the exam and get the college credit you deserve. CLEP® is the most popular credit-by-examination program in the country, accepted by more than 2,900 colleges and universities. For over 15 years, REA has helped students pass the CLEP® exam and earn college credit while reducing their tuition costs. Our CLEP® test preps are perfect for adults returning to college (or attending for the first time), military service members, high-school graduates looking to earn college credit, or home-schooled students with knowledge that can translate into college credit. There are many different ways to prepare for the CLEP® exam. What's best for you depends on how much time you have to study and how comfortable you are with the subject matter. Our test prep for CLEP® American Government and the free online tools that come with it, will allow you to create a personalized CLEP® study plan that can be customized to fit you: your schedule, your learning style, and your current level of knowledge. Here's how it works: Diagnostic exam at the REA Study Center focuses your study Our online diagnostic exam pinpoints your strengths and shows you exactly where you need to focus your study. Armed with this information, you can personalize your prep and review where you need it the most. Most complete subject review for CLEP® American Government Our targeted review covers all the material you'll be expected to know for the exam and includes a glossary of must-know terms. Two full-length practice exams The online REA Study Center gives you two full-length practice tests and the most powerful scoring analysis and diagnostic tools available today. Instant score reports help you zero in on the CLEP® American Government topics that give you trouble now and show you how to arrive at the correct answer-so you'll be prepared on test day. REA is the acknowledged leader in CLEP® preparation, with the most extensive library of CLEP® titles available. Our test preps for CLEP® exams help you earn valuable college credit, save on tuition, and get a head start on your college degree.

Customer Reviews

this is my fourth clep test I have taken using books from REA and I have always been extremely satisfied. However, I feel this book was missing alot of information that was on the test. I read the whole book for review and took the online practice tests and got 100% (composite score 80), but I barely passed the CLEP with a composite score of 55. Studying this book helped, but by itself may not be enough to pass the CLEP

I scored 39 studying this book only. Almost 75% of the actual test wasn't covered by this book, and the three preparation tests are nothing comparing to the real test. It was way harder. I don't recommend it.

This is my second CLEP guide from REA (US history to 1877 being the first), and I had no problems with it. I read the book in three days, took all the tests, and passed with a 62 the next week. The book has a much better flow to it than the US history to 1877 book did, and is far easier to follow through the context it delivers. If you need to take both the US history to 1877 CLEP and the American Government CLEP, definitely begin with the history CLEP as there is a ton of bleed-over into American Government. As far as the negatives mentioned by the other reviewers, there are a few minor editing errors, but nothing truly distracting. The author hints at his own bias, but not overtly, and not in a way that leads him to neglect covering both sides of the issues discussed. These are insignificant issues, and should not persuade you away from this well-written book.

This book was great. I have been trying to work through my degree as quickly as possible and studying for this test helped take some time off of my degree. Great way to earn college credit! Be warned - the practice tests are easier than the real test, I made sure to have a 75% passing rate on the practice tests before I went in.

So happy I got that class (test) out of the way. I followed the CLEP program's suggested study format and passed with a 70%. You only need a 50% to get credit and it's less than 15% of tuition cost to get out of a semester of fact recitation.

Very helpful - gave enough information to help me pass my CLEP exam. I would have liked a more current edition to include governmental history since 2008, but overall I recommend this book to anyone who needs to pass the American Government CLEP test.

This book helped me tremendously with passing the CLEP. I read through it and one other book but this had the better information. I took the two online tests it provides twice and most of the questions on the actual CLEP were the same as the ones on the practice tests. I just purchased another guide to take the History of the US CLEP and will continue to take them as I would like to graduate in 2 years. Good luck with your goals friends.

I'm shocked! This text is full of spelling, grammatical and factual errors. My confidence in the book's information is shaken and I worry about answering CLEP questions incorrectly due to these errors.
